# Training Opportunity

- The 2018 Kansas Infectious Disease Symposium will be held May 10-11, 2018.
  - Pre-conference surveillance training to be hosted by the Kansas Syndromic Surveillance Program which will focus on syndromic surveillance tools and best practices.

# New Data and Reports

- There will be new updates to Kansas Health Matters coming out later in March. These will be highlighted in Public Health Connections newsletter and in a separate email from the Public Health Informatics Group.
- Look for BEPHI presentations at the Governor's Public Health Conference in early April. Zach Stein will discuss the latest updates to ESSENCE software used for Syndromic Surveillance and Julia Soap will co present on “Examining Cultural and Heritage Language as Determinants of Health.”

# Syndromic Surveillance

- To the health departments that are onboard with our Syndromic Surveillance application ESSENCE, we have redacted out bad data that was inadvertently sent to Kansas from a group of providers, separate notices have been sent to the health departments detailing the impact. If people have questions, please call Zach Stein.

# Update on Influenza Surveillance

# Other Infectious Disease Investigations

- Varicella cluster in Pottawatomie CO
- Varicella cluster in Shawnee CO
- KS has one case in the [multistate outbreak of Salmonella linked to kratom](#). States and the CDC are continuing to search for a common producer, and collecting and testing kratom powder
- KS has one case in a possible multistate outbreak of listeriosis. Cluster seems associated with persons from Eastern Europe.

# Update on Disease Regulations

- The hearing for the infectious disease regulations with no suggested changes from
- Post hearing changes are being considered to address clerical issues
- The responsiveness summary will be prepared in conjunction with KDHE's legal department.
- Next step is submitting the package to the Department of Administration and Attorney General's office. Then we will file for publication with the Secretary of State's office. This could involve another 2-3 months.
- Then there is a 15 day waiting period before the regulations become effective.
